Our diverse and international team of over 450 employees work in a flexible, friendly, and collaborative environment. Discover exciting opportunities with us, where your ideas are valued and your journey is our priority. Be a part of our mission to innovate and secure the digital future.

Information Security Consultant (m/f/d)

Location: Athens

Time: Immediately

Type of employment: Full-time, permanent contract

Your Tasks

Would you like to actively shape information security and accompany our customers on their way? Then you've come to the right place! As an Information Security Consultant (m/f/d), you will play a key role in the sales strategy of DTS in the Greek market. You will manage security frameworks, perform risk assessments, guide clients through compliance roadmaps, and act as their trusted security contact, while partnering with our Account Managers to scope and position our security services. Based on your experience and interests, you can take on multiple projects. Your responsibilities include:

- Perform detailed risk assessments and audit client environments against NIS2 pillars (risk management, incident response, supply chain security, business continuity, and vulnerability handling)
- Analyse the prospective client's existing cyber security landscape to identify additional security gaps, exposure risks and other business opportunities
- Assess the clients' data protection and security requirements, to scope DPOaaS and CISOaaS service tiers.
- Translate complex regulatory obligations into actionable security roadmaps and clear business risks for executive stakeholders
- Identify and recommend security solutions from our portfolio (e.g., Managed SOC, MFA, Endpoint Security, SIEM/SOAR etc) to align with NIS2 directives
- Be in constant contact and close collaboration with the technical and sales departments

Your Know-how

- At least 1 year of professional experience in Information Security, IT Governance, Risk & Compliance (GRC), Security Consulting or external Data Protection Officer (DPO)
- Great knowledge to European cyber security frameworks and standards (NIS2) with good knowledge of ISO/IEC 27001, KRITIS, CRA, CSA
- Basic understanding of IT infrastructure: Operating Systems, Networks, Identity Management & Cloud (Azure/M365)
- Deep knowledge of European data protection laws (EU GDPR, ePrivacy Directive)

Your Personality

- Excellent teamwork and communication skills with fluency in written and spoken English
- Willingness to learn new things and get involved with complex projects
- Passionate for customer consulting and customer orientated project management
- Knowledge of German is a plus

Our Offer

- 30 days of vacation (regardless of the length of service)
- Private health insurance for our employees and their dependents (spouse/children)
- In-depth, comprehensive training (approx. 1-3 months) in Germany at our expenses included one monthly flight back to Greece during the whole training period
- Go for EAT - Ticket restaurant card
- Modern hybrid way of working, characterized by flexible working arrangements
- Team-oriented working environment and a broad variety of tasks in an international and diverse team, based on trust and transparency
- Continuous opportunity for personal and professional development and learning
- Personal company hardware
- Free snacks and beverages

Become part of our team and bring in your professional knowledge as well as your positive personality traits!

Have we sparked your interest? If so, we look forward to receiving your detailed application, stating your desired (gross) salary and the earliest possible starting date.

Do you have any further questions about your career at DTS? Please send us an email or give us a call!
